Equifax
PO Box 740241
Atlanta, GA 30374

Dear Customer Service Representative:

VERIZON 97311054100001:

Equifax is reporting information on my credit report which I do not recognize. I contacted the company directly and they were unable to find any information regarding the account they are reporting. I don't understand why they can't find information for information that *they* are reporting, but they told me to contact the credit bureaus.

This information must belong to someone else; maybe someone with a similar name or social security number? I only know that **it is not mine**. I just recently sent to you my current identity documentation to update my personal information on my report so you should be able to clearly identify that the information does not belong to me.
